

S.C.U.B.A. Exemptions for Procurement of Medical Oxygen

Updated 7/16/2020

Pursuant to rule [4729:5-17-02 of the Administrative Code](#), S.C.U.B.A. divers who hold a valid certificate in any of the following nationally recognized S.C.U.B.A. diving programs may, without needing a terminal distributor of dangerous drugs, purchase, possess, and use medical oxygen for the purpose of emergency care or treatment at the scene of a diving emergency:

- (1) Diver Alert Network (DAN): oxygen first aid for scuba diving injuries;
- (2) International Association of Nitrox and Technical Divers: oxygen provider course;
- (3) Professional Association of Diving Instructors (PADI): emergency first response;
- (4) PADI: PADI oxygen first aid;
- (5) PADI: rescue diver course;
- (6) PADI: tec deep diver;
- (7) Scuba schools international: medic first aid emergency oxygen administration;
- (8) Technical Diving International-S.C.U.B.A. Diving International: diver advanced development program as a CPROX administrator;
- (9) YMCA: slam rescue;
- (10) National Association of Underwater Instructors (NAUI): first aid;
- (11) NAUI: rescue scuba diver;
- (12) NAUI: advanced rescue scuba diver;
- (13) NAUI: first aid instructor;
- (14) NAUI: oxygen administration;
- (15) NAUI: instructor; and
- (16) Any other program as approved by the Board (**NOTE:** The Board has not approved any additional programs at this time).

Sellers of medical oxygen are reminded that Board of Pharmacy rules (OAC [4729:5-3-04](#) / [4729:6-3-04](#)) require anyone exempted from licensure must attest annually, in writing (which may include an electronic signature), that they are exempted from the requirements of

licensure and should also provide documentation demonstrating they possess one of the approved certifications listed above.
