

Frequently Asked Questions: Request for Proposals - Mandatory OARRS Registration and Utilization - HB 341 Policy Evaluation

Q1) How will the database be transferred from OARRS, and in what format (.csv, .xlsx, etc.)?

A1) It will be a series of delimited text files. Each file will contain a calendar quarter of data.

Q2) What intervals are the time series data collected (daily, monthly, etc.)?

A2) Prescription data is collected daily. Prescriber and pharmacist use of the system is collected in real-time.

Q3) Will the historical data be provided in the same format as the current data?

A3) All data will be in the same format.

Q4) What time periods will the historical data represent?

A4) Data will cover 2010 to the most recent completed calendar quarter.

Q5) How will the evaluator identify exemptions in the dataset?

A5) The dataset will contain days' supply. This will cover the "less than 7 days" exception. As OARRS is not provided a diagnosis, there is not anything to assist with other exceptions.
