## 2016 Roundtables

Today's demands on pharmacists are great. Adding to this is the fact that drug diversion is at an all-time high and the need to maintain supervision, accountability and security over the pharmacy is critical.

Come join the State of Ohio Board of Pharmacy in a roundtable presentation to learn the duties of a RP and the importance of this role in ensuring compliance with Ohio's laws and regulations.

Some of the topics to be covered will include: Who has a right to inspect your site? What does positive identification mean to a RP? What's the difference between physical & electronic security? What do terms like "Supervision & Control," "Tamper Evident," "Adequate Safeguards," "Deter & Detect," and "Significant Loss" mean?

### Who Should Attend?

- Those who are already RPs
- Those who want to be RPs
- Pharmacists
- Pharmacy Managers
- Loss Prevention Managers
