

Responsible Person Acknowledgement

The Responsible Person (RP) on a Terminal Distributor of Dangerous Drugs (TDDD) license is responsible for the submission of a complete and accurate renewal application. Therefore, the RP should review and submit the online application on behalf of the licensed TDDD.

Failure to submit accurate information, including the required legal questions, may result in disciplinary action for the licensed entity and the RP on the TDDD license. For more information on answering the renewal application's legal questions, the Board has developed the following [guidance document](#).

Thank you,

Chandra Galante, RPh
Director of Licensing
