FINDINGS OF FACT

After having heard the testimony, observed the demeanor of the witnesses, considered the evidence, and weighed the credibility of each, the State Board of Pharmacy finds the following to be fact:

(1) Records of the Board of Pharmacy indicate that Bradley Alan Collins was originally licensed in the State of Ohio on August 5, 1998, pursuant to examination, and was licensed to practice pharmacy in the State of Ohio until the effective date of this Order. Records reflect that Bradley Alan Collins was previously disciplined by the Board: his license was suspended on March 25, 2008; and his license was reinstated on January 7, 2010 under a period of probation to last until January 7, 2015.

(2) Bradley Alan Collins is addicted to or abusing drugs and/or impaired physically or mentally to such a degree as to render him unfit to practice pharmacy, to wit: in 2008, Bradley Alan Collins admitted that he was addicted to hydrocodone, an opiate. In March of 2008, the Board summarily suspended his license due in part to his addiction. In October of 2008, the Board imposed an indefinite suspension of his license with various monitoring conditions. In December 2009 the Board reinstated his license. The Board's Order required Bradley Alan Collins to continue compliance with a treatment contract he had entered with an approved treatment provider. Such contract included a requirement that Bradley Alan Collins refrain from ingesting any dangerous drug that was not legitimately prescribed. On February 22, 2013 and dates subsequent, Bradley Alan Collins admitted to the Director of his treatment provider and to Board Agents that on at least two separate occasions he ingested phentermine that had been prescribed to his wife that he found in his garage because he "needed energy." As such, Bradley Alan Collins falls within the ambit of Sections 3719.121 and 4729.16(A)(3) of the Ohio Revised Code. Bradley Alan Collins also falls directly under the control of Ohio Administrative Code Section 4729-6-10(2) for his failed compliance with his treatment contract from an approved treatment provider.

CONCLUSIONS OF LAW

(1) The State Board of Pharmacy concludes that paragraph two (2) of the Findings of Fact constitutes being addicted to or abusing liquor or drugs or impaired physically or mentally to such a degree as to render him unfit to practice pharmacy as provided in Division (A)(3) of Section 4729.16 of the Ohio Revised Code.

(2) Further, as a result of the evidence and testimony presented, the State Board of Pharmacy concludes that paragraph (2) of the Findings of Fact constitutes being guilty of

willfully violating, conspiring to violate, attempting to violate, or aiding and abetting the violation of Chapter 4729. of the Ohio Revised Code.

DECISION OF THE BOARD

Pursuant to Section 3719.121 of the Ohio Revised Code, the State Board of Pharmacy hereby removes the Summary Suspension Order issued to Bradley Alan Collins on March 14, 2013.

Further, after two years from the effective date of this Order, the Board will consider any petition filed by Joshua J.
