

Pharmacy Intern Authorization to Test Information

Updated 3/10/2021

If you are checking on an application that you submitted, please be advised that if your payment has gone through, the application has been received in our office and we will contact you if any of the required information is missing.

If you are inquiring about your Authorization to Test (ATT), please be advised that the ATT cannot be issued until after your application has been processed. Applicants will receive an e-mail from the testing center once this occurs.

Due to current workload, please allow up to 72 business hours for a response to your inquiry.
