## **Chemical Capture Classification for Animal Shelters and Dog Wardens Now Available**

---

Section [4729.542](#) of the Ohio Revised Code and rule [4729:5-15-05](#) of the Ohio Administrative Code allow an animal shelter or county dog warden that holds a limited terminal distributor of dangerous drugs license to apply for a chemical capture classification. This classification permits the holder to purchase, possess, and administer a combination of drugs for chemical capture.

To assist licensees in complying with the laws and rules governing the chemical capture of companion animals, the State of Ohio Board of Pharmacy posted a frequently asked questions document, which can be accessed here: [www.pharmacy.ohio.gov/CCapture](http://www.pharmacy.ohio.gov/CCapture)
