#### DECISION OF THE BOARD

Pursuant to Section 3719.121 of the Ohio Revised Code, the State Board of Pharmacy hereby removes the Summary Suspension Order issued to Tyler Copp on September 1, 2021.

The evidence presented, including Respondent's own statements to the Board's agent that he provided controlled substances to his coworker, a

pharmacist, leads the Board to find Respondent's actions were egregious and reckless, and thus require a more significant suspension than that for a pharmacist who diverted drugs for personal use, only. Because the evidence presented leads the Board to find Respondent was addicted to and abusing the controlled substances he provided to his fellow pharmacist, a pharmacist the Board previously found to have access to controlled substances, and who was found to be addicted to and abusing the same controlled substances as Respondent, the Board finds this matter is distinguished from that warranting revocation and the appropriate discipline here falls short of revocation of Respondent's license.

Pursuant to Section 4729.16 of the Ohio Revised Code, and after consideration of the record as a whole, the State Board of Pharmacy hereby suspends indefinitely the pharmacist license no. 03-131934, held by Tyler Copp and such suspension is effective as of the date of the mailing of this Order.

Further, after three years from the effective date of this Order, the Board will consider any petition filed by Tyler Copp for a hearing, pursuant to Ohio Revised Code Chapter 119., for reinstatement. The Board will only consider reinstatement of the license to practice pharmacy in Ohio if the following conditions have been met:

1. Tyler Copp must maintain a current address with the Board throughout the duration of the suspension.
2. Tyler Copp must enter into and adhere to the terms of a **new** contract, signed within thirty days after the effective date of this Order, with a Board approved treatment monitor for a period of not less than five years and, upon signing, submit a copy of the contract to the Board office. Tyler Copp should also submit to the Board documentation demonstrating compliance with an Ohio Department of Mental Health and Addiction Services (ODMHAS) treatment provider, if applicable. Failure to adhere to the terms of the treatment contract and/or monitoring contract will be considered a violation of the Board's Order and subject Tyler Copp to potential sanctions up to and including revocation of license. The monitoring contract must provide that:
  - a. Random, **observed** urine drug screens shall be conducted at least once each month.
  - b. The urine sample must be given within twelve hours of notification. The urine drug screen must include testing for creatinine or specific gravity of the sample as the dilutional standard.
  - c. Alcohol and Ethyl Glucuronide (ETG) must be added to the standard urine drug screen.

- d. Results of all drug screens must be negative. Refusal of a drug screen or a diluted drug screen is equivalent to a positive result. Any positive results, including those which may have resulted from ingestion of food, but excluding false positives which resulted from medication legitimately prescribed, indicates a violation of the contract.
  - e. In the event of a negative diluted screen, a hair sample test must be completed at the cost of the Tyler Copp in a timeframe consistent with the drug lab's recommended policy, but in any event no later than 12 days after the negative diluted screen.
  - f. Tyler Copp must meet the daily check-in requirements of the testing center or check-in requirements as otherwise proscribed by the treatment monitor.
  - g. The intervener/sponsor shall submit reports to the Board, in a format acceptable to the Board, indicating drug screens and their results in a timely fashion. Actual copies of drug screens shall be made available to the Board upon request.
  - h. Attendance is required a minimum of three times per calendar week (Sunday through Saturday) on separate days, at an Alcoholics Anonymous, Narcotics Anonymous, and/or similar support group meeting.
  - i. The program shall immediately report to the Board any violations of the contract and/or lack of cooperation.
3. Tyler Copp shall not refuse an employer provided drug or alcohol screen. If the Board becomes aware of any positive drug or alcohol screen results that were obtained in the course of employment or any mechanism other than via the signed contract with ODMHAS, the Board shall treat these results as a violation of the Board's Order and request Tyler Copp reappear before the Board for possible additional sanctions, including and up to revocation of license.
4. Tyler Copp shall not refuse a breathalyzer or other drug testing requested by law enforcement during the duration of suspension. The Board shall treat any such refusal as a violation of the Board's Order and request Tyler Copp reappear before the Board for possible additional sanctions, including and up to revocation of license.
5. Tyler Copp must immediately report any violation of the terms of this suspension to the Board by contacting [legal@pharmacy.ohio.gov](mailto:legal@pharmacy.ohio.gov). Failure to self-report any violation shall be treated as a violation of this Board's Order and will

subject Tyler Copp to possible additional sanctions, including and up to revocation of license.

6. Tyler Copp must demonstrate satisfactory proof to the Board that she/he is no longer addicted to or abusing liquor or drugs or impaired physically or mentally to such a degree as to render her unfit to practice pharmacy.
7. Tyler Copp must provide, in the reinstatement petition, documentation of the following:
  - a. Compliance with the contract required above (e.g.-proof of giving the sample within twelve hours of notification and copies of all drug and alcohol screen reports, meeting attendance records, treatment program reports, etc.);
  - b. Compliance with the continuing pharmacy education requirements set forth in 4729:1-5-02 of the Ohio Administrative Code as applicable and in effect on the date of petitioning the Board for reinstatement;
  - c. Compliance with the terms of this Order.
8. If reinstatement is not accomplished within **three years** of the effective date of this Order, Tyler Copp must also show successful completion of the North American Pharmacist Licensure Examination (NAPLEX) and the Multistate Pharmacy Jurisprudence Exam (MPJE), or an equivalent examination(s) approved by the Board.
9. Tyler Copp must provide continuing authorization for disclosure by the monitor and treatment provider (when applicable) to the Board, to treating and monitoring physicians, and to others involved in the monitoring process, of information necessary for those individuals to fulfill their duties.
10. When deemed appropriate by the Board, Tyler Copp must submit to a psychiatric evaluation, and, where appropriate, continued treatment acceptable to the Board.
11. Tyler Copp must obtain prior approval of the board or the board's probation committee of departures or absences in excess of ten days from the country. Periods of departure or absence shall not change the probationary term, unless otherwise determined by motion of the board or the board's probation committee. For absences of three months or longer, the board or its probation committee may toll the length of suspension, other than in instances where the board or its probation committee can be assured that monitoring is otherwise being performed.
12. Violation of any term of suspension, including but not limited to any violation of the contract signed with the treatment monitor

and/or ODMHAS or other approved treatment provider may result in additional action before the Board up to and including revocation of Tyler Copp pharmacy license.

13. Any violation of Chapters 2925., 3715., 3719., 4729., of the Ohio Revised Code, any administrative code violation or a violation of any other state, federal, or local law will be considered a violation of this Order resulting in a hearing before the Board and may also result in criminal and/or administrative charges.
14. Periods during which Tyler Copp is not in compliance with all terms of suspension shall toll the length of time of suspension during which Tyler Copp was out of compliance. The minimum length of time each violation will toll the suspension term is available on the Board's website, [www.pharmacy.ohio.gov](http://www.pharmacy.ohio.gov). The Board may implement additional disciplinary action in addition to or instead of tolling suspension.
15. If Tyler Copp's employment is related to the practice of pharmacy, Tyler Copp must provide copies of the board order or settlement agreement to all employers or prospective employers, all licensing authorities in which Tyler Copp holds a professional license or applies for a professional license, all persons who provide Tyler Copp chemical dependency treatment monitoring, and law enforcement and court personnel if Tyler Copp has court involvement, such as ILC, drug court or diversion, related the suspension, during the effective period of this order or agreement.
16. Failure to complete the terms set forth in this Board's Order, or to petition for reinstatement within five years of the date of this Order, may result in the Board issuing a notice of opportunity for hearing to consider additional disciplinary action, including and up to revocation of Tyler Copp's license.

Further, the Board hereby grants the Respondent's Motion to Seal the Record in this matter including, but not limited to, all confidential patient health information contained in the record, specifically Respondent's exhibits: A.
