

## Statement Regarding the RFA II Dispensary Drawings

1/27/2022

For Immediate Release

[Media.Relations@pharmacy.ohio.gov](mailto:Media.Relations@pharmacy.ohio.gov)

Today, the Ohio Lottery Commission is conducting drawings for dispensary applications for RFA II. Following the drawings, applications must be evaluated to ensure compliance with Chapter 3796 of the Revised Code and the rules adopted thereunder, compliance with the relevant request for applications, and all license limitations.

The ranked order lists shall be used to award provisional dispensary licenses until all available provisional dispensary licenses for that district are awarded. If, during the evaluation an application or Applicant is found to be ineligible for licensure, the Board will proceed to review the next application on the ranked order list. The evaluation process will continue until as many applications have been found eligible for licensure as licenses are available for that district.

The drawings cannot be viewed live by the public, but the ranked order lists will be published to the Ohio Medical Marijuana Control Program (MMCP) website next week (no confirmed date yet). An email will be sent to those who have signed up for updates on the MMCP's website when the lists are publicly posted.

**Applicants and the public should refrain from contacting the Ohio Lottery Commission's customer line because the Commission cannot provide any additional information at this time.**
