Registered Pharmacy Technician Renewal and Continuing Education Requirements

Registered pharmacy technician renewal will open on January 30th. Registered technicians will receive an email in January indicating the renewal period is open.

Because your registered pharmacy technician registration was issued on or after September 30, 2025, you **are not required** to complete continuing pharmacy education for the 2026 renewal.

On the renewal application, you will be asked whether you have completed the required continuing education. You should select the “**N/A—Registration issued within 6 mos. of expiration**” answer to the question.

For a step-by-step guide to completing your 2026 registered pharmacy technician renewal, please visit www.pharmacy.ohio.gov/RegTechRenew.

Please Note: you will still be required to earn continuing education for the 2028 renewal period (between 4/1/2026 and 3/31/2028). For your future renewals, please review the Board's technician continuing education guidance document at www.pharmacy.ohio.gov/TechCE.

People call, text, and chat the 988 Lifeline to talk about a lot of emotional needs—not just thoughts of suicide. Whatever your reason, the #988Lifeline is there to help. There is hope.
