Licensure Requirements for Investigational New Drugs and Products

The Ohio Board of Pharmacy recently formalized its policy regarding the licensure requirements for those engaged in clinical trials under **investigational new drug applications** (INDs).

For more information on these licensure requirements, the Board developed this guidance document: www.pharmacy.ohio.gov/IND.

To ensure no disruption to research, the Board adopted a resolution on 8/4/2025 that grants those engaged in clinical trials of an investigational new drug or product **until February 4, 2026** to become appropriately licensed.

For more information and a copy of the resolution, visit: www.pharmacy.ohio.gov/IND.
