## ODH Releases COVID-19 Booster Guidance for Providers

---

The U.S. Food and Drug Administration (FDA) and Centers for Disease Control and Prevention (CDC) have authorized a single booster dose for the three COVID-19 vaccines available in the United States (Pfizer/Comirnaty, Moderna, and Johnson & Johnson/Janssen) to strengthen protection against serious outcomes from COVID-19 and/or against COVID-19 infection.

The Ohio Department of Health issued guidance for providers on the administration of COVID-19 boosters, which can be accessed here: [www.pharmacy.ohio.gov/booster](http://www.pharmacy.ohio.gov/booster).

As a reminder, the Board has issued the following guidance on the administration of COVID-19 vaccinations under state and federal law:

- For pharmacists and interns: [www.pharmacy.ohio.gov/COVIDvaccine](http://www.pharmacy.ohio.gov/COVIDvaccine)
- For qualified techs: [www.pharmacy.ohio.gov/TechAdmin](http://www.pharmacy.ohio.gov/TechAdmin)

Pharmacists, interns, and technicians are strongly encouraged to review these documents to ensure compliance with the requirements for COVID-19 vaccine administration.
