Ohio Automated Rx Reporting System

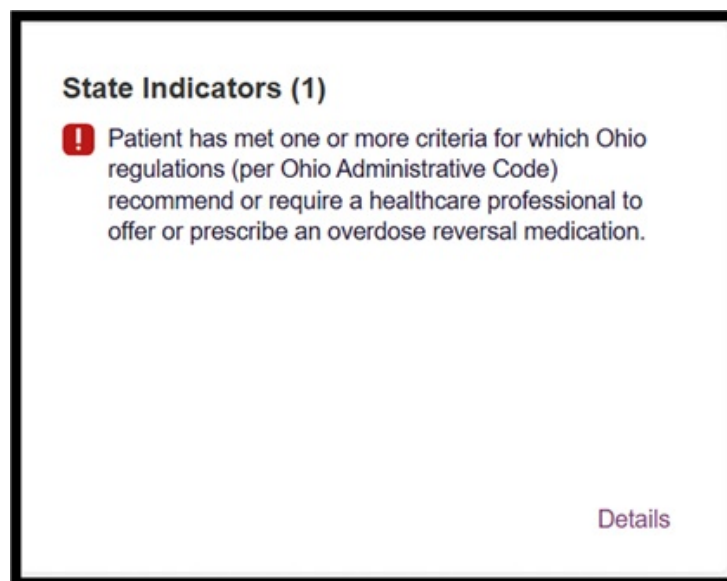

Reminder: Launch of Co-Rx Clarity - September 24, 2025

Dear OARRS User,

The Ohio Board of Pharmacy would like to remind you that starting Thursday, September 24, OARRS Patient Reports will include information on patients who may meet criteria in the following rules that require a provider to offer a prescription for an **overdose reversal medication** (such as naloxone):

- **Physicians & Physician Assistants**
 - [Rule 4731-11-14 - Prescribing for subacute and chronic pain.](#)
- **Dentists**
 - [Rule 4715-6-03 - Prescribing for subacute and chronic pain.](#)
- **Nurse Practitioners**
 - [Rule 4723-9-10 - Formulary; standards of prescribing for advanced practice registered nurses designated as clinical nurse specialists, certified nurse-midwives, or certified nurse practitioners.](#)

The Board created a guidance document outlining these changes, which can be accessed at: www.pharmacy.ohio.gov/CoRxClarity. An example screenshot of what this change will look like in a patient report is below:

If you have any questions or concerns about this rollout, please contact the Ohio Board of Pharmacy's OARRS Department at support@pharmacy.ohio.gov.

People call, text, and chat the 988 Lifeline to talk about a lot of emotional needs—not just thoughts of suicide. Whatever your reason, the #988Lifeline is there to help. There is hope.
